OFFICE OF PETITIONS

In re Application of Bergh	:	
Application No. 10/672,411	:	Decision on Petition
Filing Date: September 26, 2003	:	
Attorney Docket No. 110003.00044	:	

This is a decision on the petition filed May 9, 2006, under 37 CFR 1.181 and 37 CFR 1.182.

The petition under 37 CFR 1.181 is **dismissed**.

The petition under 37 CFR 1.182 is **dismissed**.

Facts:

A Notice of Non-Compliant Amendment was mailed September 1, 2005.

A reply to the Notice was filed October 3, 2006. The reply included corrected drawings.

A Notice of Allowance and Notice of Allowability were mailed October 6, 2005. The Notice of Allowability required the submission of corrected drawings including changes required by the September 1, 2005 Notice.

On January 5, 2006, petitioner submitted the issue fee and issue fee transmittal form. Petitioner did not submit *any* paper referencing the Notice of Allowability.

A Notice of Abandonment was mailed March 16, 2006.

Discussion:

35 USC 133 requires that if an action is mailed, and if an applicant fails to respond to such action within 6 months or within any shorter time period set by the Office, the application goes abandoned as a matter of law. The statute does not distinguish "correct" Office actions from "incorrect" Office actions. An Office action in the form of a Notice of Allowability was mailed October 6, 2005. The Notice provided applicants with three months to file a response. Applicant did not file a response to the Notice of Allowability within 3 months. Therefore, as a matter of law, the application is abandoned.

Abandonment is not based on the correctness, in whole or in part, of an Office action. For example, if an applicant fails to respond to a restriction requirement later determined to be untenable as drafted, the application is abandoned. If an Office action is mailed rejecting claims based on anticipation over a reference that was facially not available as prior art against the application, an applicant must still respond to the Office action in order to avoid abandonment.

Petitioner failed to respond to the Notice of Allowability. Such response could have taken the form of a written traversal stating the facts in the instant petition regarding the original drawings. Petitioner could have directly contacted the examiner and taken steps to have the examiner withdraw the requirement in writing prior to the expiration of the time period for response.

For the reasons above, the holding of abandonment will not be withdrawn.

The petition under 37 CFR 1.182 is dismissed as inapplicable. 37 CFR 1.181 addresses situations when an application is not in fact abandoned as a matter of law. 37 CFR 1.137 addresses situations when an application is abandoned as a matter of law. Petitions under 37 CFR 1.182 are appropriate only when the Office has failed to create a rule to address a situation. Therefore, the petition cannot be granted.

Petitioner may wish to consider filing a petition to revive based on unintentional abandonment under 37 CFR 1.137(b). A grantable petition pursuant to 37 CFR 1.137(b) must be accompanied by the required reply (already submitted, the required petition fee (\$1,500 for a large entity), and a statement that the **entire** delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional. A copy of a blank petition form is enclosed for petitioner's convenience.

Any request for reconsideration must be submitted within TWO (2) MONTHS from the mail date of this decision. Extensions of time under 37 CFR 1.136(a) are NOT permitted.
